News of Petersburg

The Times-Dispatch Bureau, 5 Bellbrook Street, (Phone 1415), Petersburg, Va., March 14.

The city's solicitor is conducting a campaign for stock in the new hotel, which is being built on the site of the old hotel. The campaign is being conducted by the city's solicitor, who is asking citizens to take \$10.00 in stock. The result was subscriptions to the amount of \$41,250. The announcement made at the meeting, where the committee met to report was received with rejoicing. The new hotel to be erected by the Petersburg Investment Corporation, which now has \$114,750 in hand to devote to the purpose, is now a certainty of the present year. Further stock will be offered to increase this amount to \$150,000. It has been tentatively determined to name the new hotel "The Hotel Petersburg." It will be located on West Tenth Street, and joining the post-office property, on the site of the present Shirley Hotel, and will be a structure of generous proportions and of modern architecture, equipped with all conveniences—a credit in all respects to the city.

The Municipal Campaign.
With two candidates in the race for mayor, nomination and many candidates offering for seats in Board of Aldermen and Common Council, the situation has taken on much interest to-day—an interest that will continue until the primary in May, which will decide who shall be the nominees. Judging from the character of those who will go before the primary, the campaign will be a gentlemanly contest. Beyond the question of merit, there are no issues of consequence involved.

Moose Officers Elected.
At a meeting of Petersburg Lodge of the Royal Order of Moose last night, the following officers were elected, and their installation will take place in April. District, Dr. H. R. Jones, president; William Koenig, vice-president; E. L. Terry, secretary; P. D. McKenney, treasurer; E. H. Hirst, outer guard; W. W. Clayton, inner guard; Wilson B. Cole, trap guard; H. G. Hirst, three years; Fred Dalton, two years; Fred Cole, one year. The order is rapidly growing in Petersburg.

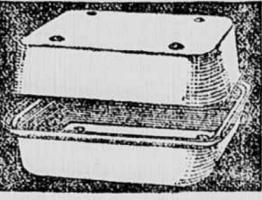

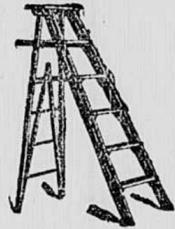

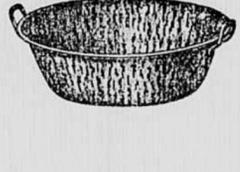

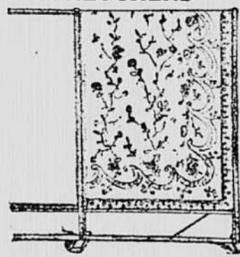

Markers to Be Placed.
A P. H. Hirst, a veteran, last night elected the following delegates to the Grand Camp reunion, to be held in Jacksonville, Fla., May 27: E. L. Terry, S. H. Rodgers, R. L. Gould, A. L. Hirst, and W. A. Payne. The camp instructed the committee of markers to have their work completed as soon as possible, and to place the markers at the site of the Lee Dam, which, by special request of the camp, will be read at the unveiling of the marker at that spot. Mr. Hirst also presented to the camp a blue print which he had carefully drawn, showing the Confederate lines and fortifications in the locality of Lee's Dam, which was accepted with thanks.

Interesting Meeting.
The district meeting of the foreign department of the Woman's Missionary Society of the Petersburg District of the Virginia Conference will be held in Market Street Church on Monday and Tuesday, with the Mary Lou White Auxiliary as hostess. On Monday night there will be a missionary mass-meeting, with Mrs. Lee Hirst, of Suffolk, state president, as the principal speaker. The business sessions will be held on Tuesday, with reports from the auxiliaries and several addresses. Mrs. H. H. Potts, of Richmond, will conduct a social service, and Mrs. W. J. Mayhew a mission study.

Sales of Tobacco.
The sale of dark tobacco at the warehouses this week were 221,766 pounds, bringing the aggregate sales for the season to 2,612,499 pounds. Prices this week were: 1914, \$4 to \$5;

The population of the province aggregates about 2,000,000 persons, of whom two-fifths are Cossacks. The country is extremely fertile, and grain is cultivated extensively. Cattle breeding also is conducted on a large scale.

Dependent on elastic or spring trusses like shown above. Little less than a slow suicide. Such contraptions are almost sure to shorten your life.

It's hard to make them hold, even when drawing for rupture that you can get on a minute's piece. They are simply a curse to wear.

And because they nearly always let their victims get worse all the time, they are really forcing thousands of people into risking their lives by undergoing operations. These unscientific makeshifts cause so much misery and such a shameful waste of money that the law should put a stop to their sale.

Don't Buy Anything For Rupture Without Giving It a Thorough Test

There's only one reason in the world why you or any one else ever gets added up with weight when you first try it on, and afterward prove utterly worthless.

The only way you can ever make sure of exactly what you are getting is by sixty days trial—a thorough day-after-day test.

And there's only one thing of any kind whatever for rupture that you can get on such a long trial.

Only one thing good enough to stand such a long and thorough test—That's our guaranteed rupture holder.

Only Thing Good Enough To Stand a 60-Day Test

We'll make you a guaranteed rupture holder—make it to your measure—and let you give it a thorough day-after-day test without asking you to risk a cent.

If it doesn't keep your rupture from coming out or bothering you in any way, no matter how hard you work or strain—if it doesn't prove every claim we make—then you can send it back and we won't cost you a single penny.

See What It Does
This guaranteed rupture holder—the famous Clutte Automatic Massaging Truss—

is made on an absolutely new principle. It is far more than just a truss.

It automatically protects you against every strain, so your rupture can't possibly come out.

In addition to constant holding—with-out which you can never get well or even get better, just as we have taken the time to run up—this automatically held together in addition to that the Clutte Truss provides the only way ever discovered for strengthening the weak-ness which is the real cause of rupture.

Just how it does that will bring you automatically in the free book which the coupon below will bring you.

Will Save You From Operation

The Clutte Truss has such a remarkably strengthening and beneficial effect that it has completely cured hundreds and hundreds of people whose cases seemed almost hopeless.

It has so thoroughly proved its merits that many physicians in all parts of the country now recommend it instead of advising operation.

No Belt—No Leg-Straps—No Springs

Does away entirely with the curse of belts, leg-straps, and springs. People say it is as comfortable as their clothing. It is waterproof—will hold in the bath. Also perspiration-proof and easily kept clean.

Get World's Greatest Rupture Book

There are so many wrong ideas about rupture that we have taken the time to run up in a book all we have learned during forty years of experience.

This remarkable book—cloth-bound, 64 pages—is full of facts never before put in print.

It shows you depending on elastic or spring trusses is about the worst thing you can do.

It exposes the humbug "appliances," "methods," "plasters," etc. It explains the dangers of operation. And shows you why, if you manage to live through it, you may have to keep on wearing a truss.

And it tells all about the famous Clutte Automatic Massaging Truss—how simple it is—how it gives constant exercise—how you can test it on sixty days trial without having to risk a penny, and how little it costs if you keep it.

Also gives voluntary endorsements from over 5,000 benefited and cured people. The minute it takes to write for this book you have made a big difference—how you can test it on sixty days trial without having to risk a penny, and how little it costs if you keep it.
